## THANKSGIVING

Our dear fellow World Citizens!

Welcome to our story.

Thanks to [Martin Luther King](#), we had a dream.

Thanks to [Walt Disney](#), we made our dream come true.

Thanks to [John Lennon](#), we imagined ...

... all the people sharing all the world.

... with no need for greed or hunger, a brotherhood of man.

Thanks to [Pope Francis](#) we recognized, that human rights are violated

by unfair economic structures that create huge inequalities

Thanks to former Danish foreign minister [Per Stig Moeller](#)

we understand, that the fight against terrorism should be combined with the fight against hunger

Thanks to the states- and chairmanship of [Mogens Lykketoft](#)

We imagined the [World Bank](#) establishing a world citizen account belonging to every single world citizen.

And we imagined the [United Nations](#) every month contributing a Granted Basic Income to the account of each and every world citizen, sponsored by global consciousness, care and capacity.

To prevent poverty, hunger, terrorism and war.

To encourage human welfare, creativity, integrity and prosperity.

Like a water pump that pumps oxygen from the bottom of a lake to allow it to breathe and sustain life, the UN-GBI succeeded in energizing almost all *local communities* into human integrity and prosperity.

Together they made *well doing regions*, which flourished into bright and brilliant *nations*.

Which became the very foundation of what we nowadays know as Global Diversity:

The overwhelming wealth of physical, cultural and spiritual tribe's of love and understanding.

Thanks to [Muhammad Ali](#) we know that: Yes we can!

we dared to put World Citizenship on the UN-agenda  
 Thanks to [Barack Obama](#), we got the guts to say: Yes we can!  
 Thanks to [Angela Merkel](#) and [Emmanuel Macron](#) we agreed:  
 Yes we can!  
 Thanks to [António Guterres](#) we got the idea of World Citizen Rights

Thanks to [Abraham Maslow](#) we identified the steps of individual realisation  
 Thanks to [George Marshall](#) we realised the perspective of worldwide responsibility  
 Thanks to [Joost Smiers](#) we understand, that divine inspiration must be free of charge  
 Thanks to [Steven Shafarman](#) we realise that fantasy feeds fulfilment.  
 Thanks to [Jiddu Krishnamurti](#) we experienced choiceless awareness  
 Thanks to [Rudolf Steiner](#) we explore the philosophy of freedom  
 Thanks to [Martinus](#) we acknowledge cosmology and spirituality  
 Thanks to [Mahatma Ghandi](#) we value one man's power, pure and poor  
 Thanks to [Nelson Mandela](#) we cherish faith, hope and love  
 Thanks to [H.H. Dalai Lama](#) we identified a philosophy of kindness  
 Thanks to [Philippe van Parijs](#) and [Guy Standing](#) we was amazed by the common good in freedom for the Crazie Jobbie as for the Lazie Hobbie  
 Thanks to [Socrates](#), [Christ](#) and [Kierkegaard](#) we saw the point ...  
 ... of *knowing*, *loving* and *being* our eternal and present I

Thanks to [Gro Harlem Brundtland](#)  
 we saw A-Dollar-A-Day as an effective poverty fighting tool  
 Thanks to [Malala Yousafzai](#)

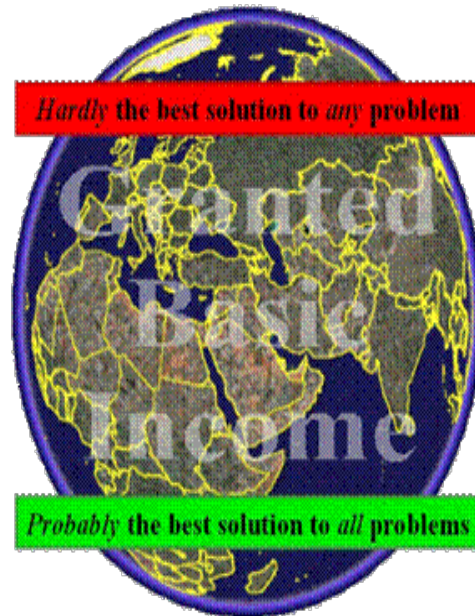

Thanks to [Mother Theresa](#) we spread love ... ☺

And thanks to The Heavenly Seven we succeeded to transform The Human Kind into Humanity.

This is our story ... [please feel free to join it!](#)

Best wishes

[CHRISTIAN HUMANITY](#)

we saw today's dreams as tomorrow's reality
